PAVAN RENGADE

Flutter & Full Stack Developer

📱 +91 9604699625 | ✉️ pavanrengade25@gmail.com | 📍 Pune

Summary

Skilled Flutter and Full Stack Developer with hands-on experience building cross-platform mobile applications and web solutions. Proficient in Flutter/Dart for mobile development and Ruby on Rails for backend systems. Strong experience with REST API integration, state management, and delivering smooth, responsive user interfaces.

Skills

Mobile Development: Flutter, Dart, State Management (Riverpod), REST API Integration, Cross-platform Development (iOS & Android)
Backend: Ruby on Rails, Python, Django, RESTful APIs
Frontend: HTML, CSS, JavaScript, Bootstrap, Responsive UI, Animations
Database: MySQL
Other: Git, Agile Development, RPA, Power Automate

Experience

Profitbooks Pvt Ltd, Pune

Software Engineer (Flutter & Ruby on Rails Developer) *(03/2024 - Present)*

Flutter Development:

- Developed **cross-platform mobile application (iOS & Android)** from scratch using **Flutter & Dart**
- Implemented complete app features including **authentication, dashboards, invoices, expense tracking, and reporting modules**
- Integrated **REST APIs** for real-time data synchronization between mobile app and backend
- Created **responsive UI with smooth animations** ensuring seamless navigation across all screens
- Implemented efficient **state management using Riverpod** for optimal app performance
- Collaborated closely with backend team for feature integration and bug resolution
- Optimized app performance and ensured compatibility across various devices

Ruby on Rails Development:

- Developed comprehensive service order system with invoice generation capabilities
- Implemented role-based leave request system with approval workflows
- Built RESTful APIs for mobile app integration
- Resolved critical bugs and improved system performance

Xalta Technologies Pvt Ltd, Pune

Enterprise Automation Developer *(07/2023 - 11/2023)*

- Developed RESTful APIs for system integration
- Implemented process automation solutions using Automation Anywhere

Elite Softwares, Pune

Web Developer Intern *(12/2021 - 01/2022)*

- Developed responsive websites using HTML, CSS, JavaScript, and Django

Projects

ProfitBooks Mobile App

Tools & Technologies: Flutter, Dart, Riverpod, REST APIs, State Management

- Built complete accounting and business management mobile app for Android & iOS platforms
- Implemented authentication system, invoice generation, expense tracking, and financial reporting
- Integrated REST APIs for real-time synchronization with web application
- Created intuitive UI with smooth animations and navigation
- Achieved high performance across different device specifications

E-Learning Mobile & Web Platform

Tools & Technologies: Flutter, Ruby on Rails, MySQL, REST APIs

- Developed cross-platform mobile app for course enrollment and quiz taking
- Built backend APIs for mobile app integration
- Implemented features: course browsing, file downloads, quiz system, score tracking

Blog Application

Tools & Technologies: Ruby, Ruby on Rails, MySQL

- Full-stack blog platform with categories, comments, and media uploads
- Responsive design with image and video support

Employee Management System

Tools & Technologies: Ruby on Rails, MySQL, REST APIs

- Web application for employee operations tracking
- RESTful API development for data management

Education

Dr. D. Y. Patil Institute of Technology
BE - Computer Engineering | GPA: 9.04/10 | 2019 - 2023

Courses & Certifications

- Flutter & Dart - The Complete Guide
- Ruby on Rails Development
- Python and Django Full Stack Web Developer Bootcamp

Why I'm a Great Fit

- **1+ years of Flutter development experience** building production apps
- Strong expertise in **REST API integration and state management**
- Proven track record of building **cross-platform apps with single codebase**
- Experience working closely with backend teams for seamless integration
- Portfolio includes complete mobile app development from scratch
